Subject: Weed Scientist-EPA Meeting Minutes for Review
Attachments: Weed Scientist EPA August 15 2022 meeting minutes.docx

Hello, Mark.

Thanks again to you and your weed science colleagues for meeting with us to discuss dicamba way back in August. We're finally getting the meeting minutes together with the aim of posting them to the public soon. Could you please share the attached file with your colleagues who attended the meeting so we can get concurrence on the minutes? If they have any comments, please share those with us so we can address them before finalizing this document.

We're hoping that COB on 12/2 would be a doable deadline, but if you get reservations from any of your colleagues on that timeline, please just let us know. We're coming up on a holiday week, and can be flexible with a couple of days if necessary.

Thanks again,

Sarah
